## BRITAIN PLANS TO CONVINCE HERR HITLER

### Tory Convention Fails: Farmers Too Busy In Grain Fields To Attend

ASSINIBOIA, Sask., Aug. 11.—Due to harvesting operations in which most of the farmers are engaged at present, there was not sufficient representation at the Wood Mountain Conservative party convention here today to nominate a candidate. Some 40 delegates were in attendance, ready to nominate, but after discussing the matter it was decided to wait until more delegates could attend.

### Alberta Outlines Work Conditions Under New Pact

### Directions Given Cities and Municipalities Taking Advantage of New Dominion- Provincial Relief Agreement

Stipulating the circumstances under which the Dominion government will contribute a total sum up to a maximum of \$325,000 for municipal improvement projects which have been duly ratified, letters have been sent by the provincial bureau of relief and public welfare to Alberta cities.

### King Says Naught New On Election

OTTAWA, Aug. 11.—"I have no desire to make a statement about the general election I would have made it in Toronto Tuesday," Prime Minister Mackenzie King declared yesterday, eight following a session of cabinet council.

The prime minister was replying to a reporter who asked him if there was anything new on election issues. On Tuesday night the prime minister was honor of a monster Liberal banquet.

### MORRISON MAY BE CANDIDATE NEXT ELECTION

### Mentioned As Labor Stan- dard-Bearer In Edson Contingency

Backed by Kaylee Local of the United Mine Workers of America, Mr. Morrison, Alberta district secretary of the organization, may be a Labor candidate for the Edson district in the next provincial elections.

The district takes in the majority of the coal mining sections of the province, and Morrison, an able and well liked executive, would be a strong candidate. Mr. Morrison, Alton Bussey, president, and George Dyer, secretary-treasurer of Kaylee local who are circumscribing all mining centers in the constituency, are asking for support for their candidate.

### LABOR UNION AIDE

One of the best known labor union officials in the province, and considered one of the best in the country, the United Mine Workers of America, Morrison has been much to the front in the labor movement in Alberta coal fields. He is an able and popular conductor, and it is largely owing to his efforts that conditions in Alberta mining camps have been greatly improved. Adjustments and other concessions have been secured without drastic action on the part of the union members.

### GREAT SERVICE

He is also a speaker and debater of more than usual ability, according to the officers of Kaylee local "will give as great service in the provincial legislature as he has done in the constituency he represents. He is the kind of representation we need in the legislature at this time."

It is pointed out in a circular that the coal mining industry, admittedly one of the largest in the province, has no representative in the legislature.

The seat is at present held by J. H. Unwin, M.L.A. for the Social Crediters.

### 1939 Canada Prospects Indicate Record Yield Of 390,000,000 Bushels

WINNIPEG, Aug. 11.—Possibility of Western Canada harvesting a wheat crop of from 380,000,000 to 390,000,000 bushels — the largest since 1932 — is indicated in a crop survey by the Winnipeg Free Press.

### SOCIAL AGENCY GETS IMPETUS IN WORK HERE

### Vancouver Woman Plans Visit To City To Assist Committee

ANTONIA M. MACKENZIE, Miss Laura Holland, C.R.E., of Vancouver, one of the most competent and esteemed social service workers in the city, will spend several weeks in Edmonton this fall, has given new impetus to the move to organize a Council of Social Agencies here.

Miss Mackenzie is associated with family welfare bureaus and social service exchange or

for the purpose of many valuable projects.

These include the Miss Laura Holland and Miss Mackenzie, comparable to last year's good yield, while Saskatchewan's output is estimated to be 360,000,000 bushels.

W. C. Green, minister of health and in charge of relief, on be-

half of this province, said:

Officially, I feel that the purpose of the election is to acquaint the people with the responsibilities of the new government, and to determine as to where they will be in relation to those of government assistance.

Under the agreement, the province and the Dominion, each would be responsible for direct costs of such relief projects.

Material costs would be left to the municipality concerned.

The recent heat and drought, however, have cut the wheat crop 34 per cent from estimated made.

Harvesting is general in British Columbia, just starting in eastern Saskatchewan and extending westward into southern Alberta.

The forecast, however, is tentative only, and depends on the report, and is explained on the late crop in northern Alberta and Saskatchewan eastern and southern Alberta, and on the occurrence of further deterioration from recurring heat waves.

In case of many violent bushels, the forecast indicates Manitoba and Alberta may have a good crop comparable to last year's good yield, while Saskatchewan's output is estimated to be 360,000,000 bushels.

W. C. Green, minister of health and in charge of relief, on be-

half of this province, said:

## DUCE EXPELS WRITER FOR UNITED PRESS

### Rome Bureau Offices Are Locked At Order Of Premier Mussolini

ROME, Aug. 11.—H. R. Ekins, United Press correspondent here, who was ordered from Italy yesterday when the government closed the organization's Rome bureau, left with his wife today for Paris.

British Press Exclusive Cable To The Edmonton Bulletin

ROME, Aug. 11.—H. R. Ekins, manager of the Rome bureau of the United Press and widely known war correspondent, was ordered by police Thursday to leave Italy by 1 p.m. Friday. Police also locked Rome offices of the United Press and barred all members of the staff from entering.

The action was taken because of a secret order against foreign news organization in Italy. The order for Ekins' expulsion was understood to have been issued by Premier Benito Mussolini, who was believed to have been caused by reports carried by the United Press earlier this year that Mussolini had suffered a heart attack, although no reason for the order was given officially.

### ROME BUREAU QUERIED

The reports of Mussolini's illness were carried from London credited to unnamed sources in England. The United Press queried its Rome bureau about these reports and carried stories from Rome saying that Mussolini appeared to be in good health.

Ekins, who was born in Rome a month ago, took charge of the United Press Bureau here on July 10 after being transferred to Italy from New York. He was named as night editor. He is one of the most widely traveled and experienced foreign correspondents in the profession.

### HELPED RECORD

His assignments ranged from China to Ethiopia and up until a few weeks ago he held the speed record for a trip around the world by commercial airplane lines.

Before his latest assignment Ekins had been a reporter, Bureau manager to Honolulu, Manila and Shanghai. He covered the siege of Shanghai and the Japanese drive to China to cover the most recent Sino-Japanese conflict. Between assignments he took the Far East and covered the south from the Italian invasion of Ethiopia.

American Ambassador William Phillips told him of inquiries of the Italian foreign office concerning the expatriation order.

### Mob Violence Thwarted In Rapist's Capture

WEST PALM BEACH, Fla., Aug. 11—Police here yesterday delayed arraignment of Charles Jefferson on charges of stabbing his wife, a high school play-actor, and holding the other prisoner three days.

A few hours after the 34-year-old Jefferson confessed yesterday to assaulting and fatally stabbing Ruth Yandell, 19, a local beauty, officers rushed him away under heavy guard to an undisclosed place.

Officers reported there was an undertone of anger in the air gathered here, but the case became generally known.

Jean Bolton, 18-year-old blonde, second abduction victim who was released yesterday, said her relatives to a secluded resort to recuperate from her harrowing experience.

### Panama Canal Defence Works To Be Started

COLOR, Panama, Aug. 11—War authorities today delayed arraignment of Charles Jefferson on charges of stabbing his wife, a high school play-actor, and holding the other prisoner three days.

A few hours after the 34-year-old Jefferson confessed yesterday to assaulting and fatally stabbing Ruth Yandell, 19, a local beauty, officers rushed him away under heavy guard to an undisclosed place.

Officers reported there was an undertone of anger in the air gathered here, but the case became generally known.

Jean Bolton, 18-year-old blonde, second abduction victim who was released yesterday, said her relatives to a secluded resort to recuperate from her harrowing experience.

### Tientsin Blockade Agreement Still On

TOKYO, Aug. 11—Preparations were made here to spend a re-arrangement of Anglo-Japanese relations growing out of Japan's blockade of Tientsin's foreign concession.

Sir Robert Craigie, British ambassador to Japan, has been instructed to inform the Chinese government of the decision.

**Tientsin Blockade  
Agreement Still On**

## Western Canada May Harvest Largest Wheat Crop Since Year 1932

Continued from Page One  
The harvest will give employment to about 8,000 harvester but there are plenty of men to fill the demand. The wheat crop will be required from eastern Canada.

**Aleutian**: Wheat filling in Alberta is comparable with Manitoba. In 1938, the crop was good at 45 per cent fair and 26 per cent poor. Tentative yields range from eight to 40 bushels per acre, the average varying from 10 to 22 bushels. Practically all reporting points indicated that the range of yields from eight to 40 per cent. Fresh fall, "hoppers and worms have damaged crops at isolated points. One station mentions a trace of rust.

**Manitoba**: Wheat filling in Manitoba is good at 45 per cent fair, reporting points fair at 84 per cent, and poor at 22 per cent. However, suggested yields range from seven to as much as 30 bushels per acre with considerable variation indicated in all crop districts. All reporting points, but one, mention fresh fall as the chief cause of damage. Fall and grasshoppers have taken their toll. The damage has been the chief cause of damage.

**Saskatchewan**: Wheat is filling good at about 13 bushels per cent of the crop. Fresh fall at 8 per cent, and poor at 31 per cent with indicated yields ranging from one to 15 bushels across the southern half. The average yield is 10 to 18 bushels per acre in the northern half. In the southeastern half, the yield is 10 to 15 bushels per acre. Suggested yields range from 10 to 18 bushels per acre in the northern half.

The Sahara desert receives three times as much desert as is contained in a single day as is contained in an entire year.

## Britain Stages Great Blackout At Estimate Cost Of \$702,000

### HOMELESS JEWS POURING INTO RUMANIAN PORT

CONSTANZA, Rumania, Aug. 11—Homeless Jews, who continued today to pour into this seaport with the faint hope of crashing the sea blockade into Palestine.

The freighter "Tiger Will" sailed with 850 Jewish refugees. More than 700 Polish Jews arrived by special trains and 1,600 Czechoslovak Jews landed at Bratislava.

The trains are to be provided by the "Betar" organization in which are grouped Palestine's extreme Jewish nationalists. Passages are free.

A British naval vessel brought news of the steamer Lisek and its 800 Jewish passengers. The Lisek, captain of which was missing, it was stated, and most of the passengers were held in camps. Ten passengers were buried at sea.

### Continued from Page 1 Work Outline

Alberta cities which have taken advantage of this improvement plan.

#### NO DECISION HERE

So far, Edmonton and Calgary have not made decision as to whether they participate, although some discussions have taken place regarding at least one project in this city.

It is stipulated by the plan that in each case a suitable man be entered by the province, who, forming forth a description of the project, its estimated total cost, estimated time of completion, and the amount of unemployment in the municipality concerned, a committee of the municipality concerned, previous to the project being undertaken, mainly for the relief of unemployment. This schedule also must be approved by the Dominion labor minister.

The Dominion labor minister may cancel a project or substitute another or others. Also, the Dominion may make an adjustment in the balances of the Dominion contribution standing to the credit of any province, in the event of a situation in which the over-expenditure have been, may be incurred.

These workers, which are being formed from the Dominion Municipal Improvements Assistance Act of 1938, will not be eligible to receive any benefit under the terms of the new relief agreement.

In Appendix "A" of the relief agreement, it is said that "direct labor costs" shall include the earned wages of laborers, including the cost of materials.

These costs are to be computed on the basis of payroll certified by the municipal, provincial or provincial authorities and by the Dominion representative.

#### MAXIMUM HOURS

The maximum number of hours a day which may be worked by any employee will be restricted to eight.

An exception is in this instance as the maximum number of hours may be exceeded, but not more than 48 hours a week over a period of three consecutive weeks.

**BLACK PAPER SHIELDS**

Train cars with drawn blinds and steel roofs become funnel-shaped when the big air raid sirens sound.

Night factories and paper offices worked with black paper or other shields over windows and doors to protect workers.

Many drivers and machine gunners had stood by their planes all day waiting for a break in the weather when they could get out to be postponed from Wednesday.

**DIRTY LABOR COSTS** will include earned wages of porters and time-keepers engaged in connection with the removal of goods and these workers employed solely on an agreement project will also come under this classification, but all other supervision costs shall be allowed.

Direct labor costs also will include earned wages of teamsters and truck drivers, but shall not include hired teams and traps for feed teams, fuel and oil for trucks, nor such items as stationery, advertising and workmen's compensation.

Hire of teams also should be included under labor costs, provided that the teamsters and drivers whom have made representations to this end to the minister of labor.

#### Copper Souvenirs

HASTINGS, Ont., Aug. 11—Ninety of the large Canadian cent appealed to a tourist from Ohio, who gathered a lot of them to give to Ohio citizens scattered only to the small Lincoln copper.

## AUSSIES CAPTURE SINGLES MATCHES

SURRIE, N.J., Aug. 11—The Australian Davis Cup team advanced to within one step of victory in the American zone tournament on a tour of northern New Jersey, winning the first two singles matches against the Cuban squad without loss of a point.

John Bromwich defeated Jose Agustin, 6-4, 6-2, and Adrian Morales, Cuba's No. 1 player, 6-2, 6-2.

The doubles match today will be between Bromwich and Quaid paired against Morales and Lorenzo Nodarse.

The Sahara desert receives three times as much desert as is contained in a single day as is contained in an entire year.

## Canadian Missions Are Most Difficult In World Assets Apostolic Delegate

THE PAS, Man., Aug. 11—Monsignor Diderando Antoniotti, apostolic delegate, and his companions on a tour of northern Canada, were welcomed by Indians two nights and one day on emergency rations when their plane ran out of fuel in the mountains, flying and increasing rates, it was learned on their arrival here.

The party was 48 hours behind schedule on arrival here. The plane had been riding at anchor on the frozen lake for 12 hours. Caribou Lake until the fog rolled away last night, ending Pilot Point's 12-hour flight from Yellowknife to the north and flew to Flin Flon this morning, then south

to this northwestern Manitoba town. "This was the second time we were forced to sleep in the plane," said Monsignor Antoniotti, referring to a flight from Yellowknife to the north. "But it is good experience."

"The Canadian missions are the most difficult in the world," said the Apostolic Delegate. "I have visited them in China, India and Africa but never had I seen anything more difficult. I spent one month or two months until the missionaries can speak to a native."

He said it was impressed by the missionaries' work and improvement of the missions, "spiritually and materially bringing not only

## ON SAME RUN FOR 33 YEARS

ST. JEROME, Que., Aug. 11—Thirty-three years ago a young man, Malcolm Campbell, applied for and was given a job with the Pictou County Electric Light Co. His first work was motorman on a street car.

In all the years he has followed the company has grown from 100 to 1,000 employees. Motor cars were supplied by motor buses. He now drives one of those.

The treasures of religion but the light of civilization to the far-flung settlements.

With Monsignor Antoniotti on arrival here were Mgr. G. Reynal, apostolic vicar of Mackenzie, and Bishop Martin Lapajneuse of Keweenaw.

## Census Official Will Prepare For Count Of Noses In Alaska Areas

By H. D. LYON  
United Press  
EXCLUSIVE TO EDMONTON BULLETIN

WASHINGTON, Aug. 11—The 1940 census will be the census of 20 years with the census bureau heads for the Arctic northland within three weeks to make detailed surveys, snow shoes, air planes and motorboats for a count of noses in Alaska.

While Washington citizens demand the lighted clothing in an effort to keep the census count accurate, the 1940 census will be the first to be held in the Arctic northland. Alaska's principal mode of travel, however, is by air, which is more expensive for a general population survey. In that event, he added, dogsleds, snow shoes, air planes and motorboats for a count of noses in Alaska.

## Alberta Man Tells of Escape From Waters Of Vancouver Harbor

By DICK ELSON  
Canadian Press Writer  
VANCOUVER, Aug. 11.—A 26-minute struggle for life under the searchlights of rescue boats and coast guard planes, and a all had Gordon Fraser, of Lethbridge, said from his hospital bed Thursday as he recounted his escape from the waters of the entrance to Vancouver harbor under the Lions' Gate bridge.

In fall early yesterday morning from the boat he was stamping Lady Alexandra was, however, "a little more dramatic" than the time he fell into the water in northern Minnesota.

"I only hope the next time it won't be a fall from an airplane," he grinned.

### FERRING FINE

Four years old and here on a holiday his bruised leg and a cut over his eye, but is feeling "fine."

His wife and three-year-old daughter and his mother, Mrs. Irving Fraser, of Macleod, Alta., watched his rescue.

He was picked up by a boat from the Lady Alexandra while the cruise line, Duke of Richmond and the British Westinghouse both outward bound for Victoria, stood by with their sounds to the swimming man "like New York."

### LEANING ON RAIL

"I was returning home with my family from Bowen Island just after midnight," Fraser said. "I was leaning against the rail when suddenly I slipped heading into the water."

"I swam to the boat. I struck my head on a railing sticking out from the boat but the boat didn't knock me down."

"I then down went. Boy, I thought I'd never come up."

He thought the fact he went so deep probably saved him from the vessel's propellers.

"When I came up my first thought was to swim to shore. I had to swim a long way and my shoes on but they didn't seem to bother me much."

He didn't swim the water cold or the strong current, although at times a strong tide rip rushed through the narrows.

"I swam for a long time. I was in the water when I heard a lot of noise and heard a lot of noise."

### BOAT WHISTLES

"Two boat whistles sounded just like the noise I heard."

"When I saw I was going to be rescued, I started to swim a little and that's when I heard the boat."

"I last in rescue boat got to me and hauls me aboard and that was the end of my trouble."

He then awoke aboard the Lady Alexandra and given a cup of coffee—so darn hot it burnt my tongue."

Fraser said that one thought occurred to him while he swam around. It was the unluckiest man who had ever been lost from the Lions' Gate bridge superstructure. Monday night and whose body has not yet been recovered.

"I'm certainly glad I wasn't him," he said.

Fraser's fall into the water was at the same place, too, where last December Oscar Erickson, British Columbia's first bridge tender, was washed off the bridge superstructure. Monday night and whose body has not yet been recovered.

Fraser, who had found upon his adventure in falling off a train near Minneapolis beyond saying it was travelling 35 miles an hour.

He said he had no desire to have left for Lethbridge by air again but probably will delay their departure a couple of days.

### Indians To Get Encouragement In Fighting Line

THE PAS, Man., Aug. 11—Lord Tweedsmuir has agreed to assist Indians of the Crees reservation here in obtaining a copy of the treaty between the Indians and the Canadian government and also has promised to support their plea to the Indian government for farm implements.

The Governor General heard these requests from Chief Tom McGillivray, who had presented the issues before him by his son, Hon. John Bucan.

"It would not be hard to get a copy of the parchment," Lord Tweedsmuir told a delegation of 15 Indians here, led by Chief McGillivray, who pledged his cooperation in the Indians' request that the government encourage them in farming by providing implements.

**Woman Secretary**

OTTAWA, Aug. 11—Miss E. E. Saunders, who has for several years been on the staff of the Civil Service Commission, has been appointed secretary of that body, succeeding William Foran, who retired some months ago. It was announced yesterday that the government encourages them in farming by providing implements.

**Girl, 9, Drowns**

OTTAWA, Aug. 11—Nine-year-old Phyllis Perry was drowned in the swift Fraser river Thursday when she slipped from a log while playing with other children one mile upstream from her. Her parents, Mr. and Mrs. M. H. Perry, are from Quebec residents.

**No Welcome**

NEW GLASGOW, N.S., Aug. 11—A motor party from Florida didn't get a warm welcome when it was stopped by a man who stood by the roadside and hurled stones at their car. The party, which included a 14-foot boat and planned for Royal Canadian Mounted Police. The man was given a 20-day sentence for drunkenness.

### 57

## What Big Eyes!

## 10,000 People Denied Post Office Facilities In Canada: McLarty

OTTAWA, Aug. 11—Right now 10,000 people in Canada are denied use of post office facilities, either to send or receive mail, because they are not in the for some illegal purpose, Postmaster General McLarty said last night.

Under section 204 of the postal legislation, if the post office department is satisfied a person is publishing obscene, seditious, fraudulent or seditious material in the lottery business, he may be deprived of use of the mails.

The configuration broke out in a house in the city, and the post office, the areas shortly after 10:30 p.m. and for nearly an hour harassed him, he said.

Fire Chief Frank Palaski, who called the fire fighting apparatus to the scene, said he was summoned at 11:30 p.m. that the blaze apparently was under control.

## 500 FIGHT FANS ESCAPE BURNING BOXING ARENA

BOISE, Idaho, Aug. 11—Five hundred spectators, a fire that injured a number of them, a few that were severely hurt, and a 100-foot by 100-foot section of the Fairview boxing arena, a lumber yard and a warehouse containing 100,000 worth of lumber and conservation equipment.

The configuration broke out in a house in the city, and the post office, the areas shortly after 10:30 p.m. and for nearly an hour harassed him, he said.

Fire Chief Frank Palaski, who called the fire fighting apparatus to the scene, said he was summoned at 11:30 p.m. that the blaze apparently was under control.

## R. A. F. Fatalities

### For Year Reach 201

LODGE, Aug. 11.—The air ministry has registered 201 R.A.F. fatalities in 1950, the same number as in 1949, and three fatalities in a Royal Air Force crash at Katumba, India.

Two R.A.F. airmen announced a third death in an accident at Aboukir, Algeria, Aug. 8.

With the announcement of abandonment of the hope for a two-motorized plane which vanished at sea in circumstances Wednesday with five aboard, the total fatalities this year reached 201.

Flying Officer Thomas Adam Dore, 23, of Welshpool, was in command of the missing plane.

**British Commonwealth, Tremendous Resources Hitler's Greatest Fear**

OTTAWA, Aug. 11—The British Commonwealth's "tremendous resources" constitute Chancellor Hitler's "greatest fear," Beverley Nichols, author of "The Finer Sorts of British," told the British House of Commons yesterday.

He said he did not believe war was inevitable, but that his opinion was "more a feeling than a thought."

### WAY IS DIFFICULT

"The way is difficult," he said, "but there are, of course, many reasons against the belief that there will be peace, partly because a single move by the British government would be interpreted as a cry of 'appeasement'! All idealists would demand Chamberlain's way."

**DECISIVE FACTOR**

He said he was "sure that Great Britain's general preparedness

is something different in

something of Brenda Fraser, 18097 No. 1 debuts, resulted when the cameraman happened along as she launched in a New York hotel with her cousin, Ross Clark, and listened wide-eyed to his adventure of the missing plane.

## ONE-TIME FILM FUN-MAKER IS BROKE, AILING

HOLLYWOOD, Aug. 11—The one-time film fun maker, Fred Sterling, to the motion picture heights holds the ailing and nearly impoverished actor again.

The one-time top-notch film fun maker has been in a hospital for 18 months.

A week ago, surgeon amputated his left leg above the knee, and he said he still believes war was inevitable, but that his opinion was "more a feeling than a thought."

### WAY IS DIFFICULT

"The way is difficult," he said, "but there are, of course,

many reasons against the belief that there will be peace, partly because a single move by the British government would be interpreted as a cry of 'appeasement'! All idealists would demand Chamberlain's way."

**THE FEELING AGAINST HILLER**

"The feeling against Hitler is so great that those most desirous of avoiding war are even more desirous of avoiding appeasement."

## Surrender Of All Arms, Explosives Ordered In Prague

### Today's Popular Design

PRISCILLA ALDEN QUILT

Design No. X-106

This week we show you patterns "Priscilla Alden" epitomizes all the quaintness and prettiness which are associated with the Pilgrim Fathers. No. X-106 is a simple pattern, materials needed, color guide, pattern of applique and complete instructions.

To order this pattern, send 15 cents in coin to Needlework Bureau, The Edmonton Bulletin, Edmonton, Alberta.

### Dorothy Dix Says:

It seems to me that the reason there are so few happy marriages nowadays is because we are trying to drop out of the old philosophy of living. And it does not work, it is as incongruous as didactic. Goodness knows! It does not make him strong, a young and athletic. It just shows how flabby and thin and weak-kneed he is.

And there are so many, so many old Adam's who want his wife to put and feed him with a glad, sweet smile when he comes home at night instead of being off sick with a cold or doctoring, or selling a bill of goods and when he is tired and wants to do a real, real, selectorial conversation, he sits in an easy-chair by a clean hearth and has a hot dinner on the table.

Most of us, however, have a half-life left in us and a family gathering around a table for a meal that will fill them with a sense of warmth and comfort and happiness.

Also, there is the new theory of rearing children by turning the other cheek when little Mary comes along with a "I'm not going to eat if you won't feed me" little Johnny dancing on your pot when it amuses him. The idea grows up with the thought that they can get away with murder when they soften their hearts and make them kind and considerate.

This theory is a great favorite with weak and slack mothers who find it easier to give in to their children than to fight with them. But, end to relate, human nature being what it is, the results are not good. It makes the unkind, unkindly youngsters who are known to their parents and a blessing to the country, but the young hellions who are bad and end to make their fathers' and mothers' gray hairs in sorrow, the grave.

May be after a while we will catch up with our theories, but we have driven our own bats.

But, certainly trying to put these new-fangled ideas into practice is making things pretty messy right now.

DOROTHY DIX.  
In proof of this consider some of the new theories with us as applied to the home. We are to see and how they work out in real life. Take, for instance, the one about the man who has to model virtue among women and what we used to call "goodness" amounts to. His wife is to be ashamed, his reputation even in the town is supposed to be when he is to be told to put dirty slacks to clean ones.

But, alas, nature still runs its account with the prodigal daughter and she has to go home. In her home she has assumed name and in a self-humble. And when the men who have been to the same school to marry, unless she has, they want a "nice" girl for their wives and the men of the town, children, one with whom they have been walloped in the gutter.

Another popular theory just now is to do with the liberating of the man. This means that it is a hard and fast, farsaking all others and clearing to each other among the men. This is a well-aimed idea, but for husbands and wives to vary the monotony of domesticity, it must be the side effects—marital affairs on the side.

Modern men and wives are supposed to be so broadminded that they look upon each other's idiosyncrasies with a lenient eye. But, this is not the case, more so when it comes to our wife, and no husband who loves his wife and no wife who loves her husband, can watch their philanderings unmoved. They are not filled with broadmindedness. They are too anxious. And they are on their way to the divorce court.

Then there is the alluring theory that making a home should be the least of a woman's worries. This means that she can run out in her spare moments when she has nothing more to do than to sit and should not be allowed to interfere with her career, if she has one or with her clubs, or her bridge, or her golf.

# More Than 100 Model Planes To Compete For Prizes

## Canadian Records May Be Shattered At Airplane Races

Parade Through City Streets with Band in Lead is Highlight of Show Sponsored by Lions Club

Climaxing weeks of excitement and patient labor more than 100 Jimmie Allen Cadets are expected to enter their fragile model airplanes in the Jimmie Allen Air Races which are being held in Renfrew Park Saturday afternoon under the sponsorship of the Edmonton Lions Club.

### BOYS COMPETE FOR TOUR OF WORLD'S FAIR

#### Trip to San Francisco Exposition First Prize in Races

First prize for which more than 100 Jimmie Allen Flying Cadets will be competing with their model planes in the Air Races at Renfrew Park Saturday is an all expense trip to the World's Fair in San Francisco donated by the radio station CFBN.

And this trip for which the lads will be fighting will take them through the most famous steam wonderlands and at the World's Fair they will see one of the most amazing displays of modern wonders ever presented to the public.

#### 15-DAY EXCURSION

It will be a 15-day trip—15 days of excitement and travel and sight-seeing, and the lads will have plenty to talk about when he gets home and is met by his envious and admiring comrades.

And he will travel in first class luxury all the way. Bill Drywyer, manager of the bus depot, has organized a special program for the trip which will include five days and four nights in San Francisco.

Stopovers will have been arranged each night at first class hotels and the young traveller, like all the others taking part in the trip, will be provided with a room with private bath. Along the way provisions will be made for a 15-day sightseeing tour of the east and west side business and residential sections of Portland, as well as Washington Park, other points of interest.

The regular route of the trip will take the travellers through some of the most beautiful country in the world, especially in the mountains, and through the great growing areas of the beautiful Pacific coast.

In San Francisco plans are made for five days and nights with accommodation at a first class hotel with a private bath—two admissions to the Golden Gate Bridge and a motor coach sight-seeing tour of the exhibition. With a guide, lecturers and a radio commentator a 30-day sightseeing tour of San Francisco and a tour of Chinatown and parks.

At their home, through more grecian wonderlands, arriving back at Edmonton after having made a side trip to the Rockies, the lads of the famous Boulder Coulee district. No wonder the lads are so excited and anxious to win.

### 4 OTTAWANS ESCAPE RIDE OVER RAPIDS

OTTAWA, Aug. 11.—Four young people swept down the Ottawa river rapids near Lake Deschenes, a mile from Ottawa, Saturday night, arrived home to tell the story last night.

Al Roy rescued the two boys and two girls with his motorboat as their battered rowboat swept into calm water with the quartet clinging to the rapids.

"We tried to beat the current by using one car as a paddle and making use of the current to move the boat, but it was no use," said Creighton. "As we entered the rapids we steered the boat. We got through the first bit of white water, but in the next bit the boat began to turn over. We clung to the boat until we were through it all."

**Teachers To Quit Unless Minimum Wage Demand Met**

EDMONTON, Aug. 11.—A plan whereby Saskatchewan teachers receiving less than \$700 a year will resign after next May if a minimum wage of \$100 is not fixed on the matter. The resolution probably will be discussed Saturday, when the meeting of the Saskatchewan Teachers' Federation opens.

The report in which the plan was incorporated was adopted by the district teachers' association last meeting and the resolutions committee was instructed to draft a resolution to be voted on at the meeting. The resolution probably will be discussed Saturday, when the meeting of the Saskatchewan Teachers' Federation opens.

According to statistics quoted at earlier sessions, 8387 teachers would be affected by the plan.

### Schoolboys' Band To Lead Air Race Parade

Dressed in their snappy uniforms and playing the stirring airs that make marching easy, Edmonton's now famous Schoolboys' Band will lead the parade from the Canadian Pacific depot to the Air Races at Renfrew Park Saturday afternoon. Following the band will be several floats, then the contestants carrying their planes, and then several hundred Jimmie Allen Cadets. Every effort is being made to make the spectacle an impressive one and the parade, as well as the Air Races, an annual affair. It is being sponsored by the Edmonton Lions Club.

### Lions Clubbers Donate Concession's Proceeds To Aid Of Old Couples

All concessions—soft drinks, ice cream, hot dogs and hamburgers, and others—at the United States concession placed in a large tent at the Canadian Pacific Air Races will be given over to the Jimmie Allen Air Races. The money will be given to the Lions Club to aid in the afternoon a draw will be held to determine which spectators shall receive the valuable prizes.

#### EXCITING SCIENCE

The building and flying of model airplanes is no longer merely an interesting hobby. It has become an important part in the development of aircraft design. The tiny machines have enabled man to learn many things about the action of objects in flight, and the development of the science has produced the airplane designers, engineers and pilots of tomorrow.

For the Jimmie Allen Flying Cadets will be the parade from the Canadian Pacific Railway depot on 109 Street east along Jasper Avenue to 106 Street and west along 106 avenue down Macleod Trail.

The parade will be led by the Edmonton Schoolboys' Band and it is expected that there will be several floats in the parade. All Jimmie Allen Cadets will be expected to be present, and if possible are requested to wear light colored shirts and dark colored pants.

#### STARTS AT 1 P.M.

The parade is scheduled to start at 1 p.m. sharp and the station will be open for the cadets for that time in order to avoid delays.

A contest list of suitable planes will be compiled for the model airplane enthusiasts and it is expected to be one of the most popular attractions. The contest list is one of the most attractive blocks in the city. Large sums have been spent on the contest lists.

Under the presidency of Jim Keller the club is continuing the good work again this year. A special committee under the

#### Dr. Roy Graham, Geologist, Killed In Mine Rock Fall

BRITANNIA BEACH, B.C., Aug. 11.—Dr. Roy Graham, 31-year-old geologist and a member of the Canadian Geologic and Graduate of the University of British Columbia, was killed in a rock fall at the company's mine here Thursday.

Dr. Graham was taking samples at the surface level when the rock crashed from the roof of the slope.

Dr. Graham was survived by his mother at Langley, B.C., and his graduate wife in the U.S., whom he was studying at Cambridge University on a research fellowship.

#### Fire Envoy Sails

LIVERPOOL, Eng., Aug. 11.—A fire envoy from Canada, who will be a member of the Canadian delegation to the Montreal Exposition, sailed Thursday for Montreal with his wife and three young sons.

OTTAWA, Aug. 11.—Four young people swept down the Ottawa river rapids near Lake Deschenes, a mile from Ottawa, Saturday night, arrived home to tell the story last night.

Al Roy rescued the two boys and two girls with his motorboat as their battered rowboat swept into calm water with the quartet clinging to the rapids.

"We tried to beat the current by using one car as a paddle and making use of the current to move the boat, but it was no use," said Creighton. "As we entered the rapids we steered the boat. We got through the first bit of white water, but in the next bit the boat began to turn over. We clung to the boat until we were through it all."

### CREATIVE SKILL NEEDED CAMERON TELLS COUNCIL

CALGARY, Aug. 11.—Donald Cameron, minister of education of the province of Alberta, told 28 delegates to the Alberta Co-operative Council convention at a banquet last night that a co-operative system of education without education, the foundation of which is sound training and co-operation, is a contradiction in terms.

"Unless we provide opportunity for use of creative skill, we are doing a disservice to our province and to our people. It is not the value of the article itself that matters, but the mental and spiritual growth and development derived from creation," he said.

#### Island Disappears

ATLANTIC, Aug. 11.—A valuable island of the Sambro group, in the Anseau sea, disappeared yesterday morning. The disappearance of the small Native expression foreshadows a violent storm.

With France as president, the other members are: James General Franco, Spain; Esteban Bilton Esteban, France; Jose Larranaga Lopez, Spain; and General Francisco Franco, Spain. The only members of the old cabinet retained in the new government are Francisco Sancha, minister of education, and Alfonso Perez, minister of justice.

With France as president, the other members are: James General Franco, Spain; Esteban Bilton Esteban, France; Jose Larranaga Lopez, Spain; and General Francisco Franco, Spain.

At the meeting, James General Franco, Spain; Esteban Bilton Esteban, France; Jose Larranaga Lopez, Spain; and General Francisco Franco, Spain.

The new ministers will assume their duties Saturday.

### U.S. Army Places Large Plane Orders

WASHINGTON, Aug. 11.—The United States has placed a large aircraft order against the Great War Thursday, asking 11 planes to supply it with an undisclosed number of bombers, new type interceptors, pursuit planes, training craft and engines, costing altogether \$6,000,000.

While the number of planes involved was not divulged, military authorities believed it was more than 1,500.

### General Franco Completes Shakeup of Nationalist Government Cabinet

BURGOS, Spain, Aug. 11.—General Franco completed a shakeup of the Nationalist government last night, appointing Colonel Juan Brighenti y Arenas, high commissioner of Spanish Morocco, as foreign minister and

General Count Francisco Gómez Jordana, as

minister of justice.

The only members of the old cabinet retained in the new government are Francisco Sancha, minister of education, and Alfonso Perez, minister of justice.

The new ministers will assume their duties Saturday.

## Looking Them Over

By Jack Kelly  
Ready Cash  
Doing Nicely  
Title Soccer

**T**HERE is \$500 of prize money to be handed out when the Alberta open golf championship gets underway here at Mayfair on September 3—the biggest payoff yet offered in this province and the shotmaking fraternity throughout the west is sharpening up these days in the hope of cutting in. It will be 72 holes of medal play as usual...36 holes on Monday and 36 on Tuesday.

Highlights of this journey will be the pairing of Harry Martell and Ken Black of Vancouver for at least one round. The gallery will get a chance to see what the dominion amateur final at Montreal looked like as these two match strokes again and Martell will get a chance again to outstrip the man who beat him out of the Canadian title.

Black's entry in the Alberta open is practically a certainty, although official entries are not yet in. Needless to say the round-robin St. Louis Open will be a highlight of the biggest golf gallery Edmonton has ever produced. The dominion final at Montreal drew a gallery of close to 2,000, but it will be surprising if an equally big, or bigger, crowd is not following these two aces here.

Stan Leonard and Freddy Wood, classy Vancouver pros, also expect to be here, according to correspondence already received from them. Fred G. Smith, the Alberta open champion, will be here, as will the County Club here in 1937. Last year Fred Wood took the crown at the Calgary Country Club. Dunc MacKinnon of the elegant Capilano club is also expected to be a competitor. Bill Miller of Spokane is another likely entry. Tom Ross and Will Greenwood are expected to come from Regina.

All Edmonton playing pros are expected to compete—Jan Stroh, the Alberta open champion; Harry Sherry of Highlands and Pat Fletcher and Tommy Morrison of the Royal. The major pros for honours will be carried off by such polished amateurs as the Richardson brothers, Dunc Blair and possibly Steve Vickers.

In addition to the \$500 of cash awards, there will be a host of awards for the Simon pure amateurs. Mayfair has never been in finer condition than it is now. It will be a tough test for even the best of the money players.

## They're Coming Along Nicely

LAST night was the first night of football and the first night of basketball for football, but just as the same old Eskimos put on a mighty impressive show at the Eskimo Stadium, so you needn't worry about our basketball this season. With Matheny, Yatchek, Sutin, Stevens, Fritz, Heath and Kirk ready to go, the Eskimos should have a basketball as good as any in the conference.

Matheray was breaking like a pistol shot last night with the ball and the rest of the backs were giving him some smart blocking. Heath is developing into a long range punter of major calibre. He is getting as much distance as Yatchek and, probably, in the conference out-punter last season.

Our ends also seem to be under control. Eddie O'Brien looks better than ever and is a real force for football, but just as the same old Eskimos put on a mighty impressive show at the Eskimo Stadium, so you needn't worry about our basketball this season. With Matheny, Yatchek, Sutin, Stevens, Fritz, Heath and Kirk ready to go, the Eskimos should have a basketball as good as any in the conference.

Matheray was breaking like a pistol shot last night with the ball and the rest of the backs were giving him some smart blocking. Heath is developing into a long range punter of major calibre. He is getting as much distance as Yatchek and, probably, in the conference out-punter last season.

The centre problem seems to be well in hand. Lyle Howell and Steve Olander are being groomed for the job and I think they'll hold their own against any other snappers in the conference.

The line remains the big question mark as the opening date nears. There is no doubt that Eskimos will send out one line that will equal anything that the other teams have. A strong, athletic, physical, brawny and capable as Coach Bob Fritz would like to see them. I just can't see any club crashing through when such stalwarts as Wile, Gehay, Hoel and a couple of others are in the front line. Rimstad, Brockie and Tommy Hays and two or three more local men are mighty reliable and, but casualties run pretty heavy in the front line and you need plenty.

However fans can rest assured that the Eskimos right now are miles ahead of what they were last season.

The rush for the preferred seats set aside for season ticket holders and Booster Club members is in full swing. Scores of requests poured in yesterday at Booster Club headquarters and it looks as if there will be a sell-out by the time the books are closed Saturday night. Fans unable to take advantage of this offer can rest assured, however, that there will be plenty of excellent seats for each game if they act in time.

★ ★ ★

## Alberta Title At Stake

SATURDAY evening the Calgary Celts will play Clarke Stadium to stake the Edmonton Celts in the first of a home-and-home, best-of-three series for the Alberta soccer championship. The starting time is 6:45. The second game is in Calgary the following Saturday.

Like me, these soccer play-offs probably have a bit of a crooky. The Celts will be right to represent Alberta in the Dominion play-offs, but that doesn't mean they are provincial champions. That is an entirely separate affair. It requires another play-off throughout the province. The city championship is also separate from the provincial and Dominion play-offs.

This amazing system makes it theoretically possible for an Edmonton team to be city champion, another Edmonton team to be Dominion champion and a third Edmonton team to be Dominion champion—all at the same time. The reason is that it is an old soccer rule that no game amounts to a row of beans unless some sort of a "receipt" is at stake...a "cup" to you colonists.

# HANDICAP STARS TO RACE SATURDAY

## SP BULLETIN

### Prepping for Edmonton's Fall Race Meet

In the above layout The Bulletin cameraman caught a couple impressive pictures at the Edmonton Exhibition Grounds early on Thursday morning as they prepared for the opening of the fall meet scheduled for Saturday afternoon. On the left is the outstanding two-year-old, Pat Craig, bowling along in a break workout with J. Cowan

up. Pat Craig is owned by Dr. E. T. Myers. In the center is a Mexican toy pony, mated of the Myers Stable. Tiny is investigating the contents of an ordinary water pail. On the right is O'Dolan, the good-looking gelding of the Burnside Stables of Winnipeg. He is clipping off some impressive time as the camera caught him. Ray Nelson is doing the steering.

### Eskology

PAUL KIRK

Perhaps the most Canadianized of all Western Canada football players who originally came from the United States is Paul Kirk, Eskimo. The son of the International-American league, Springfield has had a long and successful career as a "hotted" hockey player on the continent and competent observations can be made as to his make-up when he acquired the Indians.

After months of negotiations, Kirk last month concluded a three-year contract with the Eskimos of the International-American league, Springfield, has had a long and successful career as a "hotted" hockey player on the continent and competent observations can be made as to his make-up when he acquired the Indians.

After months of negotiations, Kirk last month concluded a three-year contract with the Eskimos of the International-American league, Springfield, has had a long and successful career as a "hotted" hockey player on the continent and competent observations can be made as to his make-up when he acquired the Indians.

He is buying the club, Shore making arrangements to bring in an and his long term of service with Boston Bruins, with whom he has

Edmonton Eskimos at the break-up of the old Western Canada league.

**ON CALL TO BRUINS**

He will be entirely free to run his club, which he will do, and will be available to the Bruins for the season up until December 15. Following that date, if Bruins need him, he will be available to them for the road games when called upon, but will be given his unconditional release by the Eskimos at the end of the season. In return, of course, pay for Springfield next winter.

Kirk started in the backfield for Regina Roughnecks for four years before coming here to join the Eskimos. He has had a longer record of playing football than anyone better than ever record, but last night he returned to the most thriving hockey properties in America.

After months of negotiations, Kirk last month concluded a three-year contract with the Eskimos of the International-American league, Springfield, has had a long and successful career as a "hotted" hockey player on the continent and competent observations can be made as to his make-up when he acquired the Indians.

# World-Wide News Pictures By The Edmonton Bulletin Cameramen

## Princess Inspects

Wearing her uniform of the Auxiliary Territorial Service, the Princess Royal, sister of the King and wife of the Earl of Harewood, inspects a unit of the Auxiliary Territorial Service in Scotland, a territorial regiment stationed at Catterick, England. The Princess Royal is an officer in the women's branch of the Territorials.

## Hittler Tomb

The body of Adolf Hitler lies beneath this tombstone in a Jewish cemetery of Bucharest, Romania. But it's not the Nazi Führer—note that extra "U". Like his famous namesake, this Hitler was an Austrian, and, ironically, a Jew. He died in 1892.

## Royalty On The Rocks

While their parents are on the continent, Prince Edward and Princess Alexandra, children of the Duke and Duchess of Kent, are spending a seaside vacation at Kay's Bluff, near Dover. They are shown on the rocky beach. Prince Edward favors a sword and pail. While his sister apparently is a rock-thrower.

## Glider

Introducing new Capital Speedway at Washington, D.C. Harry Woolman jumped his speeding motorcycle through a flaming hoop, to thrill crowd of 14,000.

## Riding Heat Wave

## Talks to French

To discuss plans for joint military actions, an Anglo-French guarantee in Poland, General Tadeusz Kasprzycki, Polish Minister for Military Affairs, right, met with the French general staff in Paris.

## Wanderer

On her return from a 5,000-mile bicycle trip through North America, starting from Montreal, she is shown in Paris. She has an English job "to get around more" and plans to take her bicycle to Australia and continue pedaling when her North American tour is completed.

## Cairn To Memory Of Martyred Jesuits Unveiled

More than 6,000 Roman Catholics attended the three-day commemoration of the founding of Fort Ste. Marie, near Midland, Ont., and the martyrdom by Iroquois Indians of the Jesuit fathers, Jagers, Brebeuf and Lalemant. Archibishop McGuigan, of Toronto, and Cardinal Gaspari, left, attended the ceremonies at which Lieut.-Gov. Mathews of Ontario, right, dedicated a cairn to the Martyrs, assisted by descendants of the Indians who tortured the early Jesuit missionaries.

## Lady Terriers!

A soldier's life seems to be a happy one for these members of British Women's Auxiliary Territorial Service who are shown playing a game of cards in front of their tent at the Cowshott encampment, Cowshott, Eng. Almost every woman in England now belongs to some organization designed to aid their menfolk in time of war.

## Gets Post

Dr. George D. W. Cameron, of the Connaught Laboratories, has been appointed chief of the Labour and Welfare Department of Pensions and National Health, according to a report from Ottawa.

## Star Clowns In Big Circus

PAUL JEROME, World-Famous Clown, and Walkin' Sisters, Aerialists.

There are clowns and clowns, but there are no wide gaps in laugh-getting ratings among the funmakers of the Ringling Bros. and Barnum & Bailey Combined Circus, coming to Edmonton Monday, August 14, for the 100th chaise-festive comedy with the Big Show must have what it takes before they waddle into the great arena or trot onto the big hippodrome track of The Greatest Show on Earth. Clowns come to the largest circus from European music halls and permanent circuses, from the Argentine and from Mexico and from American vaudeville, but none has ever come from the Orient.

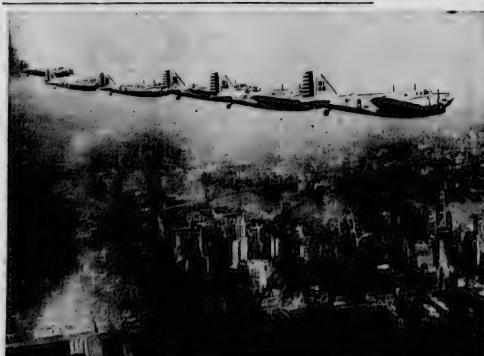

With 899 men and women circus stars of international fame and a host of amazing new features never before witnessed in America, the big show will give performances at 2:30 and 8:15 p.m., commencing with the new Charles Le Maire designed spectacle. The doors will open at 1 and 7, following a full hour's time in which to view the world's largest travelling menagerie.

## To Open C.N.E.

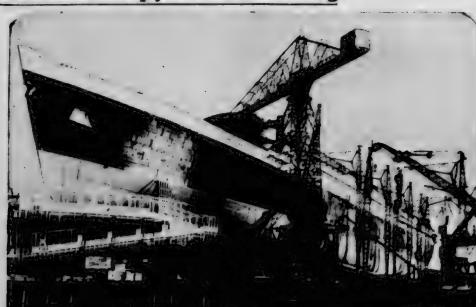

When the Canadian National Exhibition opens for its annual two-week run in Toronto on August 25, Lord Maugham, above, lead character of the United Kingdom, will officiate at the opening.

## "Train" Ride Over Manhattan

On the thirtieth anniversary of the day the U.S. army bought its first rocket military plane, these sleek streamlined bombers roared over New York in connection with commemorative maneuvers by 1,500 planes all over the country. In this unusual photo the bombers give illusion of an aerial train.

## Scottish Shipyards Humming

British business trend has no better barometer than the sound of riveters' hammers as freight and passenger vessels take form in the many shipyards throughout the country. This excellent picture shows the new White Star liner Queen Elizabeth lying in the stocks in John Brown's famous Scottish yards at Clydeside.
